## Report of the Secretary of the Association.

---

### *To the Association :*

It is a gratification to all friends of this Institution, whether connected with its management or otherwise, to be able to record, on this day of our annual gathering and retrospect, a year of quiet usefulness and steady prosperity. We miss some faces which have been so long familiar to our meetings and so intimately associated with the history of the Industrial School that we can scarcely realize our loss. The duty we must perform to-night of filling vacancies in our Board of Trustees is a sad reminder that within the year there have passed away from that body two members, namely, Mr. William R. Siney, who died in February, and Mr. Eliphalet Lyon, who died in March of the present year.

Appropriate resolutions were passed by the Board of Trustees at the time of the death of each of these gentlemen, and it is proper also here to note, the sense of loss which has been felt by the Board on being deprived of their co-operation and fellowship in our consultations upon the interests of the Home and School. Mr. Lyon had been connected with the Institution, as appears from the records, since 1864—nearly twenty years—and for many years he was one of the most active and zealous promoters of its interests ; he was especially interested and successful in finding homes in the country for those committed to our care. By the death of Mr. Lyon, the Association has come into possession of houses and lots Nos. 77 and 79 South Sixth Street and a one-half interest in the house and lot No. 52 South Sixth Street, which had been given by the will of his wife, Mrs. Ann Maria R. Lyon, to Mr. Lyon for his life, and after his death to the Industrial School. The will also provides for a legacy to a daughter which is not yet payable. Until our rights in the property have been fully determined or matured, it has been thought advisable to keep the net rents and income derived from these sources, as a special fund separated from all others, and such moneys have accordingly been placed in a special deposit in the Williamsburgh Savings Bank to the credit of that fund.

The health of the Institution has been exceptionally good ; no deaths and scarcely any cases of sickness are reported for the entire year.

The Treasurer's report shows net assets of the Institution in all its funds and properties of \$75,234, as against \$73,029 last year, being an increase of \$2,205. To this must be added the residuary Lyon estate. We have paid off a mortgage on the Institution of \$2,200, leaving our mortgage debt \$3,375, as against \$5,575 last year.

It is well known that a considerable part of our operations consist of the support of county wards sent to us by the Commissioners of Charities. The marked increase in the number of county wards and in the expense of maintaining them during the past few years has attracted public notice. It is very likely that some official inquiry will be made into the causes of this increase and the best methods of dealing with it. As one of the agencies for carrying on this branch of the public charities of the County, we shall favor and court the fullest and most searching inquiry. It has been and continues to be our policy to receive all who are sent, to whom we feel that we can be useful, to provide them with a temporary home and as fast as possible find good homes for them in city or country. We cannot be answerable for the manner in which other institutions, similarly situated, carry out the objects of the law. While we trust that all may be able to give a satisfactory account of their stewardship, we record the fact that at a visit which we recently and unexpectedly received from a committee of the Board of Supervisors, we were so fortunate as to call forth their earnest commendation upon the management and appearance of the School and Home.

Hoping for continued and increased favor and support for the charity which we represent, we submit to our patrons and the public the accompanying reports of our proceedings during the past year.

GEORGE H. FISHER, *Secretary*.

# ANNUAL REPORT

## OF THE

### Recording Secretary of the Board of Managers.

---

In presenting our Twenty-Ninth Annual Report, we would state that we feel the past year to have been one of progress and success. The Home is in good order; the children all well; no deaths have occurred, and but little sickness; and our one hundred and twenty-nine little ones are being well taught and prepared for future usefulness, under the care of the efficient and faithful Superintendent and Teacher, Miss Mary E. Whittlesey, and the good, wise and motherly Matron, Miss Brown.

The Superintendent gives the following Report, which will partly show the many changes which are continually going on in the Home. While some of the children remain for several years in the Institution, many are there for a short time only; yet, these often show a marked improvement in manners and morals, and the Street Arab is sometimes transformed into a somewhat more respectable and hopeful character before he leaves.

#### SUPERINTENDENT'S REPORT.

Children living in the Home October 1, 1882.....	128
"    received during the year.....	135
Total number cared for during the year.....	263
Indentured.....	1
Placed in homes.....	20
Returned to guardians.....	113

Report of work done in the Children's Sewing-Room, under the instruction of the Care-taker :

Stockings mended.....pairs 3,118

Other articles mended..... 5,899

Of this work the girls have mended all the stockings, and more than two-thirds of the other articles.

The work of the Board of Managers has gone on much as usual, under the care of its several committees. The EXECUTIVE COMMITTEE meets every Friday, at the Home, to receive applications for admission; to confer with persons wishing to adopt children, and to transact any and all business that the needs of the Home may require.

To the VISITING COMMITTEE belongs the work of calling upon all who desire to place children in the home, in order to ascertain the situation of the applicants, and whether they are such as need or would be benefited by the help that the Institution might afford.

On the last Wednesday of each month, the parents and friends of the children are allowed to visit them. A large number generally avail themselves of this opportunity, often bringing little presents for the children, and frequently expressing their gratitude for the care and kindness that they are receiving.

The Home is open every Tuesday for the reception of visitors who are interested in our work; but, if not convenient to call on that day, they are never refused admission at any other time.

The WORK COMMITTEE, whose duty it is to supervise the cutting, making and repairing of all the clothing for the children, present the following report :

#### REPORT OF WORK COMMITTEE.

Number of garments made by Managers.....879

“ “ “ cut “ “ .....248

“ “ “ “ in the Home.....872

“ “ “ made “ “ .....561

“ “ “ repaired “ .....402

Sewing Class in the Home, 5 quilts, 6 pillow-cases, 73

bibs.....84

Mrs. Lewis..... 12

Mrs. C. W. Smith..... 24

Miss Davenport..... 10

Mrs. Dix..... 24

Miss Brown..... 88

Helping Hand..... 7

Total made by friends..... 187

Mrs. Turner cut..... 74

The DISTRIBUTING COMMITTEE have given to Home children 1,500 garments and 520 pairs of shoes ; to Nursery and Dormitories, 400 miscellaneous articles ; to outside poor, 291 garments and 34 pairs of shoes.

The Nursery has contained this year, twelve babies or children under three years of age, who are kept comfortable and happy by a kind nurse, of whom they are very fond. They are always delighted to receive visitors, and little remembrances in the form of toys or picture-books, even though imperfect, are highly prized by these little ones, who are so easily pleased.

The SCHOOL COMMITTEE report that the school, taught by Miss Whittlesey, is in very excellent condition, having held regular sessions, without interruption from sickness or other causes, and the children are making satisfactory progress in reading and writing, while the younger ones are getting along nicely in learning to read and print. We would be glad to have our friends visit the school, and think that they would be gratified and repaid for their trouble.

The girls receive daily instruction in sewing, classes being taught by some of the Managers and friends. The smaller children sew patch-work, while those who are older learn to mend and darn, and, as the foregoing reports show, have repaired over nine thousand articles, besides making five quilts ; a result, which, considering the youth of the children, is certainly encouraging.

Our Sunday-School, at the Home is ably superintended by Mr. J. T. Woodruff, who, by his patient, untiring efforts for the welfare of the scholars, has won all their hearts, and made them his firm friends, and, as will be seen in the following report, has also carefully instructed them in the fundamental principles of the Christian religion.

#### REPORT OF SUNDAY-SCHOOL.

The Sunday-School, now in its third year of existence, is surely an interesting means of doing good to the children. From January 1st to succeeding July 1st, nineteen girls and twenty boys earned for themselves each a copy of the Bible, they having committed to memory The Lord's Prayer, The Ten Commandments, The Apostles' Creed, and the names of the Books of the Old and New Testaments. The session is held at half-past two p.m., every Sunday, and the attendance varies from 105 to 130. After the opening exercises the school is divided into two departments, the Infant Department being ably presided over by Mrs. A. Klinck. The larger scholars are instructed in classes, by ten or twelve faithful teachers, using the International Series of Lessons. The school is undenominational and dependent upon Christian people for voluntary support. See to it, brethren, that these little ones are properly cared for.

J. T. WOODRUFF, *Superintendent.*

The children attend the South Third Street Presbyterian Church, and the Managers desire to take this opportunity of thanking the Trustees of the Church for their courtesy and kindness in providing free seats for the entire school.

Perhaps nothing will show the character of our work, and the high appreciation of it by those who are benefitted, better than to publish a letter from one of the children :

“DEAR———

I received your letter, and I was glad to hear from you. Now I will tell you what I had for my Christmas. I had a trunk and work-box. There is a little boy named Joseph ; he and I both hung up our stockings, Christmas Eve, and got them full of candy. Mrs. M—— has four cows, and one of them has a little calf. We have a cat named Minnie, and a dog named Frolic. Miss Grace has three Canary birds. I am learning to milk. The cows' names are Bell, Nellie, Kate and Dollie. I will not worry about any of my people, but I feel very sorry for them. I hope that GOD will change their hearts, for HE is the Only One that can do it.

Miss Grace has gone to New Orleans. Mrs. M—— is very sick ; there is something the matter with her brains. I hope that she will get better. I feel very sorry for her, and I hope that she will get strong. How are my little babies ? Are they well and happy ? I was so glad that they had a nice Christmas. And the girls and boys ? I hope they mind what you say to them. Who is the nursery girl ? Whoever she is, I hope she is good to the babies, and I hope that they will mind Mamma Ellis, as they call her.

I have a very nice home. I am very glad that I went to the Industrial Home at first ; I might not have had a home if I did not. Mrs. M—— would like to know how many babies there are. Is little 'Tina there, yet, and little German Willie ? I go to church every Sunday, and I like it very much. Oh ! I don't know how to thank you for my nice home. I wish that all little girls had as good. Please give my love to Miss Mary, and the rest of the ladies. I suppose you have not heard from Papa, yet, have you ? Please give my love to Winnie-Lottie and Laura. Please answer.

Yours truly,

ELLA.”

While our efforts are mainly devoted to the children, yet in some cases we have been able to reach and benefit their parents, bridging them over a time of distress, and encouraging them to make new efforts toward a better life.

In one instance, two boys were placed in the Home by their grand mother ; the father being intemperate and out of work, and she unable to support them. After they had been there some time, the father was persuaded to take the pledge, which he kept faithfully ; work was procured for him, and he is now supporting his family, and is a temperate man.

Four children were brought to the Home when their mother was dying. The father had not supported or lived with his family for a long time. He, at length, was found, and was induced to pay a small sum for the board of his children, who remained in the Home until his second marriage, when he took them home, and he is caring for them respectably.

A woman died of consumption, leaving four little children. The father, a working man, had no one with whom to leave them during his absence at work, so he placed them in the Home, paying a small board for them. He came to visit them regularly, and when, after some years, he married again, and made a home for them, he wrote to the ladies a most touching note, full of gratitude for the care and kindness that they had received.

While the children are being trained to work, and to help themselves, it is not forgotten that they *are* children; and like others, need recreation and occasional pleasures. The various festivals, therefore, are observed and honored as well as practicable.

Thanksgiving Day was, as usual, greatly enjoyed by the children, and it was also a pleasure to the many friends who visited the Home on that occasion, to see the bountiful provision that had been made, and to witness the happiness of the little ones.

At Christmas they all hung up their stockings, and received presents provided by the Managers and friends.

On Anniversary Day the Home Sunday-School had the extreme pleasure of participating in the great parade. They were kindly invited to meet with the Sunday School of the South Third Street Presbyterian Church, and after the grand march, which they hugely enjoyed (saluting their friends in other schools, all along the way); they returned to the Home, where they were refreshed with ice-cream and cake.

Fourth of July was patriotically celebrated by the discharge of a large quantity of torpedoes, supplied through the kindness of Mr. Geo. Parson, which made the children supremely happy, and they were further entertained by a supply of cake and berries.

At the Strawberry Festival, in June, which was also the anniversary of the Institution, the children were brought upon the stage, where they acquitted themselves very creditably in recitations and singing, and were addressed by Mr. Bernard Peters.

During the summer the whole school was taken to Prospect Park, where they spent a very happy day. We should be glad to make these excursions more frequently, during the hot weather, and, to that end, any contributions to our Fresh Air Fund would be particularly acceptable.

•In view of supplying a need which has long existed in the Eastern District, the Board of Managers intend, during the coming year, to open a Day Nursery, where, by the payment of a small sum, poor

mothers may leave their little children while they are at work during the day. A building formerly used as a wash-house is now being fitted up for this purpose, and will soon be ready for use. We should be glad to receive any donations of furniture suitable for a nursery, and of clothing for infants or very young children.

While we gratefully acknowledge the goodness and mercy which have followed us during the past year, yet we have to record a sad loss in the death of two faithful and valued Trustees, Mr. Siney and Mr. Lyon, who for many years were identified with the Institution, and had always manifested a deep and active interest in its well-being. Expressions of our sorrow and sympathy were passed by the Board of Managers, and sent to their respective families.

In concluding the record of the year, we would most gratefully express our thanks to the many friends who have aided in the work of the Home; to all who have given their time, labor or money; to our professional friends; to the public press; to the merchants, bakers, butchers and mechanics of this District, and also to the members of the New York Fishmongers' Association; and we ask for the future a continuance of the kindness and liberality with which we have been favored in the past.

J. A. S. SCHAPPS,

*Recording Secretary.*

## WHAT WE NEED.

As we are a very practical people, and particularly practical in our charities, we have thought it advisable to append a detailed list of our present needs ;

First—We want money ; we want young misses to teach the smaller children plays ; we want young ladies and gentlemen to assist in the Sunday School services held at the Home every Sunday afternoon, at half-past two o'clock ; we invite Sunday School teachers to urge their pupils to lay aside a penny per day, week or month, to pay the board of one or more children. Fifty-two dollars will support one child for a year. The following articles are continually needed :

GROCERIES—Teas, coffees, sugar, hominy, Indian-meal, flour, salt, starch, syrup, soap, spices, mustard, salt fish, salt pork, pickles, vinegar, beans, pepper, candles, etc.

VEGETABLES—Potatoes, turnips, onions, cabbage, beets, carrots, etc.

DRUGS—Cod liver oil, castor oil, rhubarb, paregoric, laudanum, alcohol, adhesive plaster, camphor, lint, court plaster, salve, Pond's Extracts, etc.

DRY GOODS—Flannels, muslin, calicos, woolen goods, Kentucky jean, towels, cotton goods, table cloths, handkerchiefs, stockings, bed covers, cotton batton, boys' and girls' hats, hooks and eyes, suspenders, buttons, pins, needles, thread, cotton, sewing silk, shoe strings, braid, tape, scissors, thimbles, combs, brushes, iron holders, old linen, scrub cloth, etc.

HOUSE FURNISHING—Door mats, lanterns, candlesticks, brooms, gridirons, sad-irons, brushes, pails, crockery, clothes pins, tin cups, clothes lines, wash boards, Mangle's clothes horse, towel racks, water pails, bedstead, bureau, carpet, mattress, wash stand for one room. Meats of all kinds, new and second-hand clothing, fruits, etc.

---

## EXTRACTS FROM THE CONSTITUTION.

### ARTICLE II.

The object of this Association shall be as follows :

To establish and support a Home where poor and destitute children may find refuge and be kindly cared for, at a reasonable rate of board, when possible, and where they may be taught habits of neatness and order ; to sustain a school where they may be instructed in the elementary branches of an English education and such domestic duties and industrial pursuits as are deemed beneficial ; to provide all the pupils of the school daily with dinner, and to furnish them with necessary clothing ; to provide suitable homes or places of employment when they have attained a suitable age, and to provide a temporary home and relief for adult, destitute, unprotected, and homeless females.

### ARTICLE IX.

Every person of the age of sixteen years, who shall pay into its treasury one dollar or more annually, shall be a member of this Association, and the payment of twenty-five dollars at any time shall constitute the donor, or the person for whom it is given, a member for life. Persons under sixteen years of age may be life members, but without the privilege of voting until of the required age.
